

MOTORSPORT AFTERMARKET GROUP, INC. ANNOUNCES THE ACQUISITION OF FORGE-TEC MOTORCYCLE WHEELS

9/3/08, Irvine, CA – Motorsport Aftermarket Group, Inc (“MAG”), announced today the acquisition of Forge-Tec Motorcycle Wheels and Accessories.

Forge-Tec was launched in 2006 to enhance Advanced Metal Technologies (“AMT”) position in the finished motorcycle wheel business. Forge-Tec’s complete product line includes 17 different wheel styles, with matching rotors and pulleys. Forge-Tec supplies a Private Proprietary Program of finished wheels to numerous motorcycle manufactures and is well known for their development of the “For Harley Only” Program. Forge-Tec will continue to be marketed and sold under the Forge-Tec brand name.

Brian Etter, President and CEO of MAG said, “We are pleased to welcome Forge-Tec to our group of industry leading brands. The Forge-Tec team has successfully developed high quality products and has a reputation for strong customer support and service. Forge-Tec together with MAG’s strength in innovation, design and manufacturing resources will enable us to accelerate our future growth.”

The MAG family of companies includes Vance & Hines, Kuryakyn, Mustang Motorcycle Products, Performance Machine, Renthal, Progressive Suspension, MAG Europe, and J&P Cycles.

For questions regarding the announcement please contact Rick Raus at (714) 280-8537.
